

WASTE COMPOSITIONAL AUDIT					
Waste description	EWC code	Typical composition of this waste type	Primary packaging <i>How is the waste packaged and identified, eg, sack & colour?</i>	Secondary packaging <i>How is the waste packaged and identified, eg, plastic bin & colour?</i>	Quantity of waste delivered No. of containers or weight
Clinical sharps waste contaminated with body fluid only Non-Infectious	180101 180201				
Recognisable anatomical waste, Human Tissue waste, Blood Transfusion bags (full) Non-Infectious	180102				
Clinical sharps waste contaminated with body fluids and medicinal wastes Infectious HP9	180103* 180202*				
Recognisable clinical wastes from infectious source or contaminated with infectious body fluids – suitable for Alternative Treatment Infectious HP9	180103* 180202*				

Recognisable clinical wastes from infectious source or contaminated with body fluids and chemicals/ pharmaceuticals – suitable for Incineration only Infectious HP9	180103* 180202				
---	-------------------	--	--	--	--

Waste description	EWC code	Typical composition of this waste type	Primary packaging <i>How is the waste packaged and identified, eg, sack & colour?</i>	Secondary packaging <i>How is the waste packaged and identified, eg, plastic bin & colour?</i>	Quantity of waste delivered No. of containers or weight
Recognisable clinical wastes from non-infectious source or uncontaminated with body fluids Non-infectious	180104 180203				
Gypsum waste e.g. plaster casts and dental imprints Non-infectious	180104				

<p>Cytotoxic/cytostatic medicinal wastes and/or sharps waste contaminated with body fluids and cytotoxic/cytostatic medicinal wastes Toxic HP6, Carcinogenic HP7, Toxic for Reproduction HP10, Mutagenic HP11</p>	<p>180108* 180207*</p>				
<p>Medicinal waste including used and out-of-date stock and/or original pharmaceutical Non-hazardous</p>	<p>180109 180208</p>				

Waste description	EWC code	Typical composition of this waste type	Primary packaging <i>How is the waste packaged and identified, eg, sack & colour?</i>	Secondary packaging <i>How is the waste packaged and identified, eg, plastic bin & colour?</i>	Quantity of waste delivered No. of containers or weight
Photochemical fixer solutions Hazardous – please specify	090104*				
Photochemical developer solutions Hazardous – please specify	090101*				
Waste amalgam e.g. amalgam capsules, teeth contaminated with amalgam, waste amalgam Toxic HP6	180110*				

Waste description	EWC code	Typical composition of this waste type	Primary packaging <i>How is the waste packaged and identified, eg, sack & colour?</i>	Secondary packaging <i>How is the waste packaged and identified, eg, plastic bin & colour?</i>	Quantity of waste delivered No. of containers or weight
Municipal offensive waste e.g. feminine hygiene wastes and nappy waste from public toilets Non-hazardous	200199				
Municipal sharps waste e.g. drugs litter Non-hazardous	200199
